

“Haley” Suyoun Jeon

Full-Stack Web and Mobile Developer

Resourceful Full-Stack Web Developer bringing you in-depth knowledge of the latest developments in the industry producing a fluid yet coherent web design working to meet your organizational objectives. Experience handling complex HTML and CSS coding, design, and extensions to comprehensively meet your organization’s front and back-end development needs. Chemistry background with experimental research experience. Detail-oriented and comfortable working with large data sets. Works well with small and large groups and adept at defining project expectations and demands. Enjoys hands-on testing and debugging to address inconsistencies and maintain performance thresholds.

Relevant Core Competencies

Front-End Development	AJAX, APIs, Bootstrap, CSS3, HTML3, Javascript, jQuery, JSON, React.JS, XHTML, XML.
Back-End Development	ExpressJS, MongoDB, MVC, MySQL, NodeJS.
SEO Applications	Google Search Console, Google Trends, Google Ads Keyword Planner, MOZ Link Explorer, MOZ Bar, MOZ Keyword Explorer, Ahrefs.
Microsoft Applications	Excel, MS Web Apps, Powerpoint, Word.
Adobe Applications	Premiere Pro, Photoshop, After Effects.
Additional Skills	<p>Small-Scale Film Production: Shooting and editing for business applications</p> <p>Data: Gaussian Software: Program used by scientists. Utilizes fundamental laws of quantum mechanics to predict energies, molecular structures, spectroscopic data (NMR, IR, UV, etc) and associated calculations.</p> <p>Business: Extensive knowledge of front-end and back-end operations within the food service and restaurant industry.</p>
Additional Languages	Korean (native)

Experience History

January 2019 –
July 2020

Student Researcher

York University, Toronto, Ontario

- Used Gaussian software to perform qualitative and quantitative analysis of stability of bimetallic clusters.
- Generated molecular models to predict energies, molecular structures, spectroscopic data (NMR, IR, UV, etc) and helped produce reports outlining results.
- Performed routine data analysis to correct and verify data entry.
- Collected, organized and inputted data into [software name or database name]
- Interpreted and analyzed research data to draw conclusions and outcomes.
- Assisted with writing and editing experimental results for publication.
- Prepared fact sheets, tables, and graphs to summarize research results.

June 2014 –
August 2017

Translator

Consulate General of the Republic of Korea, Toronto, Ontario

- Translated spoken conversations in real time between the English and Korean languages.
- Ensured translated texts between English and Korean conveyed original meaning, tone and nuance.

April 2018 –
May 2019

Server

Project: Fish, Toronto, Ontario

- Developed extensive knowledge about sushi by working in the omakase wing of the restaurant.
- Developed and followed preparation procedures to provide guests with excellent experiences and foster repeat business.

January 2014 –
December 2018

Server

The Fry, Toronto, Ontario

- Collaborated with the kitchen team to support order preparation, manage efficient deliveries (Uber Eats, Foodora, Skip) and minimize customer service issues by verifying meals.
- Monitored guests for intoxication and immediately reported concerns to management, contributing to sales and welcoming environments for all patrons.
- Kept updated knowledge of menu and promotions, recommending specific items according to preferences and food allergies.

October 2012 –
March 2013

Bartender

Sushi Hana, Toronto, Ontario

- Assisted servers with specialty drinks orders by preparing on-demand items without delay.
- Maintained secure cash drawers, promptly resolving discrepancies for accuracy.
- Organized bar inventory and storage procedures to keep stock within optimal levels and meet expected customer demand.
- Applied excellent organizational and multitasking abilities to handle simultaneous customer, team, and business needs while avoiding unnecessary delays or errors.

April 2012 –
September 2013

Server

Ichiban Spring Garden, Toronto, Ontario

- Created orders, documented special requests, and followed up with kitchen personnel to foster top-quality service and minimize complaints.
- Worked with POS system to place orders, manage bills and handle complimentary items with dissatisfied customers.
- Kept register accurate through correct billing, payment processing, and cash management practices.

June 2011 –
September 2015

Server

Wako Sushi, Toronto, Ontario

- Helped customers complete orders, assisted with the menu and provided excellent customer service to promote customer loyalty and customer satisfaction.
- Used POS system to enter orders, process payments, and issue receipts.
- Assisted the kitchen in ingredient preparation.

June 2010 –
May 2011

Server

Gonoe Sushi, Toronto, Ontario

- Maintained well-organized mise en place to keep work efficient and consistent.
- Actively participated in planning sushi menu and crafted new items for special events.
- Pleasantly welcomed patrons entering sushi bar, offering to explain menu options.

Education

May 2020 –
August 2020 (Expected)

Certificate of Completion - Web Development Bootcamp

University of Toronto (Scarborough Campus)

September 2015 –
June 2019

Bachelor of Science - Chemistry

Specialized Honours (Pharmaceutical and Biological Chemistry)
York University, Toronto, Ontario (Keele Campus)

Past Projects

September 2018 –
June 2019

Student Researcher

York University, Toronto, Ontario

- Used simple Unix system and Gaussian software to perform qualitative and quantitative analysis of stability of bimetallic clusters.
